Aurora introduces an exclusive partnership with the biggest name in horses:

Founded in 1950, Breyer's enduring commitment to authenticity and realism have made it the #1 name in horses for generations. Breyer's equestrian experts are proud to partner with Aurora, working hand in hand with Aurora's masterful designers to create an entire world of Breyer plush.

These Breyer horses from Aurora are as beautiful and loveable as the real horses that inspired them.

Through it all, every piece carries the most powerful name in horses: Breyer.

One special night, a group of Unicornos were flying in the direction of falling stars. The falling stars were disappearing into a sparkly sea, which transformed them into starfish while changing snowflakes into jellyfish. They rode the tail of a shooting star into the magical sea, turning them into enchanting creatures of half Unicorn and half fish. One day while following migrating dolphins, they discovered the surface of our world. Thus began the legend of the Mermicornos, rumored to only resurface during a lunar eclipse.

Cactus Friends™

The cactus is a sign of protection. Kids are naïve and vulnerable and need protection. SANDy and her friends zip themselves into cactus suits because they think the world is a cold and scary place, and they need some armor to face it. The cactus is the conservator of water, and water means life. The Cactus Friends are the representation of life, of being fragile and strong at the same time... and pure like water.

Donutella™ and her sweet friends

Series 1

Donutella comes from a planet where sugar is used as energy. One day while out scouting the milky way for a new fuel source in her donut U.F.O., Donutella discovered planet Earth. On Earth, Donutella was excited to find a lot of sweets and treats to fuel herself and her people. Almost instantly Donutella realized that it would be much better to start a sweet colony here and invite all of her friends than to go back home.
